DEBS' DISAPPEARANCE.

The A. R. U. Strike Leader Fails to Show Up

TO SERVE HIS TERM IN PRISON.

He Had Been Released on Parole, and Failed to Show Up to be Taken to Woodstock Jail at the Time Agreed Upon.

CHICAGO, June 12.—Five of the officers of the American Railway union returned to the Woodstock jail last evening. President Eugene V. Debs failed to report on time for the train. He called on the marshal at noon and was requested to report at 4 o'clock at the marshal's office, with the others, or at the Northwestern station at 5 o'clock. Messrs. Rogers, Keiser, Burns, Hogan and Goodwin saw their chief but an instant at noon, and they could not account for his failure to report. Debs told the marshal that he had business to conduct, but that he would be through in time to take the train.

Deputies Logan and Curran boarded the train with the five men who had reported, and Deputy Clark returned to the marshal's office with the Debs commitment papers. The marshal was vexed at the failure of Debs to report on time, and he sent three men to look for him. "I don't think he has purposely missed his train," said the marshal, "yet his failure to report on time is annoying. It places Mr. Debs in a bad light. I paroled him until 4 o'clock, and he should have been here." The marshal does not believe that Debs may have run away. "He has all to lose and nothing to gain by such a move," he said. "He would be a fugitive from justice and would not dare to return to the United States. He feels that in going to jail he strengthens himself among his sympathizers. His bondsmen are no longer liable for his return, as he surrendered himself to me at noon, and that act released him of his bonds. "While the absence of Debs does not alarm me, I confess that I am considerably chagrined over it. Had he sent me word that he could not finish his business during the afternoon I would have understandingly given him his freedom a day longer."

Martin J. Elliott, the seventh prisoner, wired that he was on his way to Chicago from Harrisburg, Pa., and would be in some time during the night. When the party was first sent to jail Elliott was two days behind in reaching Chicago from the east. Owing to Debs' failure to report George W. Howard secured another day's respite. Howard, who has quarrelled with his former associates and established a rival organization, desired to serve his sentence separate from the others, and the desire

was mutual. Yesterday Judge Woods wired Judge Shovalter to transfer Howard from the Woodstock jail to the Will county jail, at Joliet. Marshal Arnold intended taking Howard there on the 6 o'clock train last night, but Debs' absence gave Howard another night with his family. The commitment papers were made out for six months in Debs' case and three months in each of the others, less seventeen days served, from Jan. 3 to Jan. 24, in the Woodstock jail. The commitment was made on the interstate commerce contempt case. The men are so confident that Judge Woods will reword the Santa Fe sentence to be concurrent that they give themselves no concern on the probability of having to serve double time.

Fasted Forty-eight Days. READING, Pa., June 12.—Mrs. Lena Bridenbaugh, who had not partaken of any food or nourishment for forty-eight days, died Monday night at the residence of her son-in-law, John Mitchell, at Gibraltar. Mrs. Bridenbaugh wasted away from a strong, healthy woman of 160 pounds to a mere skeleton of thirty-five pounds. Her case was a very puzzling one to the medical profession. If able to partake of food she never gave a reason why she refused when it was offered to her.

The Efforts to Save Lambert. TRENTON, June 12.—The supreme court yesterday refused the writs of habeas corpus applied for on behalf of Theodore Lambert, the Camden murderer, and Murderer Andrews, of Warren county. The court held that the governor's death warrant is a legal sentence. Application will be made to the chancellor next Tuesday for a writ of error to carry Lambert's case to the court of errors and appeals. Andrews' execution will probably take place tomorrow.

The Prussian Mine Fire. BERLIN, June 12.—The fire in the mining pit near Antonienhutte, Prussia, is still raging, but its extension to other parts of the mine has been prevented. Fifty of the entombed miners were taken out unconscious during the night, but all of them were resuscitated. Ten dead bodies were also taken out and fifteen others are missing.

Spanish Towns Inundated. ST. SEBASTIAN, June 12.—The floods continue to cause great damage in this district. Several villages and small towns have been inundated, and the rivers are still rising. The crops have been destroyed, and railroad communication with many points is interrupted.

Murdered on the Street in Baltimore. BALTIMORE, June 12.—Francis B. Bowers, colored, shot and instantly killed William Green, also colored, on Mosher street yesterday. Bowers claimed that Green had been intimate with his daughter, and threatened several times to shoot him.

GOFF'S INJUNCTION DISSOLVED.

South Carolina Will Execute Her Own Election Laws.

RICHMOND, Va., June 12.—The circuit court of appeals has just dissolved the injunction of Judge Goff in the South Carolina registration case. Judge Hughes announced that Chief Justice Fuller was not able to be here, but his full decision would be forwarded. Judge Hughes said further that the decision was one requiring prompt rendering and announcing the result now. Chief Justice Fuller, Judge Hughes and Seymour heard the argument in this case. The effect of this decision is to leave to the state of South Carolina the execution of her registration laws as she sees fit. The decision places the status of South Carolina's registration laws exactly as they were before Judge Goff's injunction, declares them constitutional, and they will govern in the election of delegates to the constitutional convention this summer.

Judge Hughes says: "The bill of complaint cannot be maintained, for it asserts no threatened infringement of rights of property or civil rights and no adequate ground for equity interposition. Being of this opinion, the restraining orders must be reversed and the cause remanded, with directions to dismiss the bill."

Deposed from the Ministry. PITTSBURGH, June 12.—When the Pittsburgh presbytery assembled yesterday Rev. George H. Sheldrake, D. D., was summoned for trial. He did not appear, but sent a long letter explaining his case. He admitted he had committed adultery with his housekeeper, but said he had entered into a contract to marry her as soon as he could get a divorce from his wife, who is now working on a Chicago paper. He thought the presbytery should overlook this. The presbytery, however, deposed him from the ministry and excluded him from the communion of the church.

Bad Freight Wreck Near Kane, Pa. KANE, Pa., June 12.—A bad freight wreck occurred at 1 o'clock in the morning three miles east of this place. A heavily loaded east bound freight train on the Philadelphia and Erie, while running at a fair rate of speed, was derailed, and nineteen cars piled up. A car of oil was in the wreck, and took fire immediately. The fluid spread to the wreck, and the cars were soon ablaze. One man was killed, supposed to be a boilermaker from Erie, who was beating his way.

Austria's Premier Favors Peace. VIENNA, June 12.—Count Goluchowski the successor of Count Kalnoky, as imperial minister of foreign affairs, made his first declaration of policy yesterday. After a pleasant allusion to his predecessor, he said he would continue the same policy and maintain the peaceful alliance of the three central European powers as the course best adapted to foster the friendship of the other powers.

The President to Visit Atlanta. WASHINGTON, June 12.—President Cleveland yesterday accepted an invitation tendered by representative citizens of Atlanta to visit the Atlanta exposition. He will leave Washington by special train on the evening of Oct. 21 and arrive in Atlanta on the afternoon of the 22d. The 23d he been set apart as president's day, when the chief executive will visit the exposition.

Another Amalgamated Wage Conference. CLEVELAND, June 12.—Another conference is soon to be held by the committee of Amalgamated Association of Steel and Iron Workers concerning the scale of wages drafted by the former at the recent convention in this city. The scale fixes puddlers' wages at \$4 per ton and they will demand \$5, though they will be willing to accept \$4.50 as a compromise.

More Chinese Missions Wrecked. SHANGHAI, June 12.—The English, French Canadian and American missions were wrecked at Chen Tu, Kiating, Yachou, Pinghsen and Sinking. Some of the missionaries are missing, but no lives are known to have been lost. Snifu and Luchou are threatened. A riot is considered inevitable at Chung King. All the whites have left Chang Tu.

Serious Charges Against a County Treasurer. LARAMIE, Wyo., June 12.—Elmer Hank, late treasurer of Fremont county, is alleged to be short \$1,400 in his accounts with the county. It is also charged that he robbed the postoffice at Washakie of \$400.

Newfoundland's Governor to Retire. ST. JOHN'S, N. F., June 12.—Sir Terence O'Brien, governor of Newfoundland, expects to retire at the end of June. Sir Roger Goldsworthy, late governor of British Honduras, is expected to succeed him.

New York's Reapportionment. NEW YORK, June 12.—The board of aldermen yesterday adopted a plan of reapportionment. By the plan approved the Republicans will control nine and the Democrats twenty-six assembly districts.

NUGGETS OF NEWS.

A commercial treaty between Russia and Japan has been signed.

An uprising which occurred in the department of Corrientes, Buenos Ayres, has been suppressed.

The Iowa Populist convention at Des Moines nominated a full ticket, headed by Sylvester Crane, of Davenport, for governor.

Of 120 Democratic editors of Ohio who answered a circular letter ninety favor free silver and thirty are divided in their views.

The New York grand jury indicted David F. Hannigan for murder in the first degree for killing Solomon H. Mann, the betrayer of Hannigan's sister.

At Boston Daniel J. Sullivan, a huckster, accidentally backed his wagon up against the wagon of Salvatore Albani, an Italian grocer, and was shot dead by Albani.

At Tuskegee, Ala., a crowd of masked men who had started out to lynch a negro named Tom Harris shot J. M. Alexander, who was trying to defend Harris, and he will die.

BURNED ON THE OCEAN.

Survivors of the Bark Carrie E. Long Arrive at New York.

THEIR STORY OF THE DISASTER.

The Vessel, Loaded with Oil and Acids, Was Struck by Lightning, and This Was Succeeded by an Explosion Which Killed the Captain and Two Sailors.

NEW YORK, June 12.—The steamer Antilla, just arrived from Nassau, brought as passengers sixteen distressed seamen belonging to the bark Carrie E. Long, before reported burned at sea on May 21. The Carrie E. Long, commanded by Captain Rolff, sailed from Philadelphia on May 6 with crude oil and acids. All went well with the vessel until May 21, off Gun Cay, when the vessel was struck by lightning. An explosion almost immediately followed, and within a few minutes she became enveloped in a sheet of flame. The terrified crew immediately abandoned the vessel. Captain Rolff, his mate and two seamen had their clothing set on fire and they perished in the flames.

Five members of the crew jumped into the sea and floated for hours on pieces of spars and other floating wreckage from the burning vessel. They were picked up shortly after daylight in an exhausted condition by some of the native fishermen and taken ashore. They were afterwards transferred to Nassau in a small schooner.

Tip Stanley, aged 25 years, a seaman, had a desperate battle for his life, but managed to save it under the most trying circumstances. A few moments after the vessel took fire he jumped overboard and managed to grasp two small oars belonging to the ship's boat. He then struck out for the land, some ten miles distant. Meanwhile he was surrounded from time to time by numerous sharks, the terror of the native fishermen in these waters. However, with the aid of his oars, he succeeded in beating off these monsters.

Towards daylight his strength commenced to give out, but he still managed to swim slowly, sometimes on his back, but his courage still stood by him, and shortly after 4 a. m. of the 22d he managed to crawl ashore, almost dead from exhaustion, and he left all clothing. The survivors reached Nassau and were sent home by the United States consul at that port.

The names of the survivors are Tip Stanley, John Corcoran, James Corcoran, Joseph Jackson, Michael McNamara and Stewart Lutzenberger.

No Suspicion Against Ex-Senator Buck.

SAN FRANCISCO, June 12.—The coroner's inquest into the death of Miss Nellie Harrington, murdered in her own room ten days ago, was concluded yesterday. The testimony of witnesses completed a perfect alibi for the late Senator Buck. I. W. Lees, chief of detectives, stated that he had followed every clue and every person having any apparent possible connection with the case. "He was absolutely in the dark regarding the identity of the murderer, and admitted that he had not even a suspicion. The jury returned a verdict of murder, committed by some unknown person."

An Infant Murderer.

LA PORTE, Ind., June 12.—Indiana has a youthful murderer in Gilbert Bowers, 4 years old, who killed Bernice Collins, at Monticello, his victim being a toddling infant. Being angry with the Collins child he attacked her with stones, and before her piteous cries for help brought relief she was dead. The authorities are puzzled as to what steps are to be taken in dealing with the boy, the annals of the state failing to record a parallel case. Both families are prominent.

The Wounded Princeton Students.

PRINCETON, N. J., June 12.—There is no change in the condition of Fred Ohl and Garrett Cochran, the students who were shot Saturday night. The attending physicians predict the recovery of Cochran, but express anxiety for the outcome of Ohl's injuries. If, however, blood poisoning does not intervene the doctors think he will recover.

Japan to Strengthen Her Navy.

WASHINGTON, June 12.—Information has been received at the navy department from officers now with the Asiatic squadron to the effect that Japan intends to materially strengthen her navy, and it ship building experts of the United States should visit that country now it is probable that several large orders could be secured by American shippers. The Japanese, it appears, would much prefer to make their naval purchases in the United States.

Bessie Fairbanks Adjudged Insane.

NEW YORK, June 12.—Bessie Fairbanks, the young woman who on March 6 attempted to kill Isaac A. Cochran, a real estate broker, was arraigned yesterday in Part II of the court of general sessions. The jury adjudged her insane, and Recorder Goff committed her to the State Insane asylum at Matteawan. As the result of her injuries Cochran has lost his sight. The woman claimed that she had been wronged and discarded by the man.

A Victim of Hydrophobia.

NEW YORK, June 12.—Barnett Fishman, the 35-year-old son of Mendel Fishman, a peddler, was taken to the Pasteur institute suffering from hydrophobia. Two years ago, and before the Fishmans left Russia, Barnett was bitten on the right hand by a dog. The wound was cauterized, and nothing further was thought of the matter until symptoms of hydrophobia began to develop a few days ago.

Umra Khan a Prisoner.

LONDON, June 12.—The Times publishes a dispatch from Simla, India, which says that news has been received there from Cabul that the Amir of Afghanistan has imprisoned Umra Khan, thus removing the reproach that the Amir was receiving England's enemy as a guest while his son, Nazrulla Khan, was being honored in London.

MR. OLNEY'S SUCCESSOR.

Attorney General Harmon Enters Upon the Duties of His Office.

WASHINGTON, June 12.—All the members of the cabinet, with the exception of Secretary Herbert and Postmaster General Wilson, were present at the meeting yesterday. Attorney General Harmon, accompanied by his predecessor, now Secretary of State Olney, was among the first to arrive at the White House. The two gentlemen walked over from the state department, where Mr. Harmon had been sworn in. The president presented the new attorney general to the other members of the cabinet as they entered. Mr. Olney had little business to consider from the state department, and, of course, Mr. Harmon had no business from the department of justice to bring before the cabinet.

ATTORNEY GENERAL HARMON.

After the adjournment of the cabinet Secretary Olney and the new attorney general lunched together, and later went to the department of justice, where the assistant attorney general, the solicitor general and other prominent officials were presented to their new chief. Mr. Harmon will return to Cincinnati in a few days to close up some business matters. This will occupy him about two weeks, when he will return here to remain during the summer with short visits to his home. His family will remain in Cincinnati for the present, and will not take up their permanent residence here until autumn.

The Marine Band in Philadelphia. PHILADELPHIA, June 12.—The fifth annual convention of the National League of Press clubs is delegating its work largely to committees, who presented their reports at this forenoon's session. Meantime the delegates and visiting friends are being royally entertained by the Pen and Pencil club. At the Mercantile club reception yesterday afternoon and at the "Night in Bohemia" at the Pen and Pencil club house music was furnished by the famous Marine band, under the direction of Signor Panzavelli. The band was conveyed in a special train from Washington by special permission of President Cleveland and Secretary Herbert. This is the first affair not of a national character in which it has been permitted to participate since its organization.

The Interstate Bridge Assured.

WASHINGTON, June 12.—Secretary Lamont approved the general plans for a suspension bridge over the Hudson river at New York, submitted by the New York and New Jersey Bridge Company of New York and New Jersey. The judge advocate general advised him that all the requirements of the law had been met, and the chief of engineers approved the general plans and recommended their acceptance. The plans approved call for a six track suspension bridge with span from pier head to pier head.

Kentucky Terrors Shoot to Kill.

SERGEANT, Ky., June 12.—News comes here from Beaver, Floyd county, that John Amburgy and a man named Martin engaged in a battle at the home of Amburgy, near Beaver, which resulted in the death of Martin, and the probable fatal wounding of Amburgy. The men had long been enemies in the neighborhood, and they had been enemies for some time. Martin went to Amburgy's house with a revolver in his hand and ordered him out, but instead Amburgy opened fire and the duel followed.

Coney Island Club Refused a License.

BROOKLYN, June 12.—On the report of Police Captain Clayton Mayor Scherhorn refused a license for the Seaside Athletic club at Coney Island. Captain Clayton's report says that disreputable characters come from all parts of the country and give the most brutal exhibitions there. The same decision was rendered by the mayor last year, but a mandamus was issued by Judge Gaynor, of the supreme court, compelling him to issue it.

To Create Four New Cardinals.

ROME, June 12.—It is announced here that the papal nuncios at Paris, Lisbon, Madrid and Vienna will be created cardinals. The news arouses much interest in Vatican circles, because it will disturb the equilibrium of the preponderance of Italian cardinals in the Sacred college. More important, however, is the growing possibility of a non-Italian pope. For cogent reasons this could only be an American, a Swiss or a Belgian.

"Uncle George's" Long Drive.

CHAMBERSBURG, Pa., June 12.—Hon. George V. Lawrence, the oldest member of the legislature, drove from Carlisle to this city yesterday, over the route taken by him when he rode horseback to the legislature fifty-one years ago. He is driving from Harrisburg to his home. He was honored with a public reception in the evening at the Washington hotel. The aged lawmaker left today for McConnellsburg.

Two Drowned While Fishing.

PHILADELPHIA, June 12.—John Kimball, aged 28 years, of St. Louis, and August Klensmith, Jr., aged 29, of this city, were fishing from a rowboat in the Delaware river opposite Bridge street, Frankford, when they were run down by the tugboat C. E. Lenox, of Trenton. The rowboat was upset and both men were drowned. Kimball's body has been recovered.

Wages Again Advanced.

BETHLEHEM, Pa., June 12.—Notices were posted yesterday announcing an increase of from 5 to 10 per cent. in the wages of the 2,000 employees of the Bethlehem Iron company, who suffered a reduction of that amount in January, 1894. The furnace men were raised on the first of the month.

WERTS' MANY VETOES.

New Jersey's Governor Objects to Proposed New Laws.

MANY PASSED OVER THE VETOES.

Ex-Governor George C. Ludlow Nominated for Judge of the Supreme Court, to Succeed Judge Reed—Bills Passed by the House.

TRENTON, June 12.—Governor Werts sent the following nomination to the senate: For judge of the supreme court, to fill the vacancy caused by the transfer of Judge Reed to the court of chancery, ex-Governor George C. Ludlow, of Middlesex; term, seven years; salary, \$9,000 per year. The governor also made the following nominations: For judge of the circuit court, Chandler W. Riker, of Essex; term, seven years; salary, \$7,500 per year; for member of the state board of assessors, Fred A. Canfield, of Morris, to take the place of Oliver Kelly, of Middlesex, whose recent appointment the senate refused to confirm; term, three years; salary, \$2,500 per year.

The house yesterday passed over the governor's vetoes the bill authorizing Kearney to purchase water mains from Jersey City; South Orange-Milburn sewer bill, and the Newark post house bill. Mr. Bullock's bill providing that deputy labor inspectors shall be removed from office who wilfully neglect to enforce the child labor act was objected to by the governor because of some defects. Mr. Bullock said he thought there was opportunity for some work for the investigating committee in the house. Two of his bills had been mysteriously butchered after all the work of getting them through. The veto was not sustained. The other bill referred to was the bi-weekly payment of wages to work on the business matters. This bill, which was vetoed by the governor for similar defects, Mr. Bullock took the amended bill to the governor, but he refused to receive it. Mr. Bullock will endeavor to have a resolution passed requiring the governor to receive the bill. Several vetoes were sustained.

The following senate bills were passed by the house: Providing for the appointment by the governor of a commission to act with a similar commission from New York for the preservation of the palisades of the Hudson; placing the state dairy commissioners under the control of the state board of health; requiring the secretary of state to pay into the state treasury all fees received by him as registrar and clerk of the prerogative court; providing that the elective judiciary bills should go into effect July 4.

Assembly Bullock introduced a bill embodying the provisions of the former bill, compelling corporations other than railroads to pay their employees every two weeks. The first bill was vetoed by the governor because it reached him with two of the sections left out. Speaker Cross said he would rule that under the concurrent resolution the present bill could not be considered.

The senate received from the governor a veto of the bills giving the Republican mayor of Newark power to make appointments of members of councils and the board of education, in case the court of errors and appeals should on Monday next declare invalid the ward redistricting under which the present incumbents were elected. The veto was laid over. The appropriation bill was then taken up and amended.

Not to Impeach Kelsey.

TRENTON, June 12.—The House Republicans, in conference, decided by a vote of 30 to 9 not to impeach Secretary of State Kelsey. This action was reached on the strength of the argument that the grand jury is now considering his case, and that it would be impolitic for the house to begin impeachment proceedings.

He Is Evidently Innocent.

RICHMOND, Mo., June 12.—Bob Young, a farmer living near this place, who was suspected of arson, was called out of his house by a mob during the night and taken into the woods, where his captors tied a rope about his neck, threw the end over the limb of a tree and drew him up. He was let down, but denied knowing anything about the fires. Twice more he was strung up, and not making any admissions he was permitted to depart. Young says he knows the men, but will not divulge their names.

Counterfeiting as an Industry.

PERRY, O. T., June 12.—United States marshals of Oklahoma left today for Ohio armed with warrants for the arrest of two manufacturers for counterfeiting. The names are withheld. One of the firms is located at Troy, O., and the other at Cleveland, and they make a business of furnishing counterfeiters' goods and green goods. They have formed partnerships with numerous counterfeiters and green goods men in Oklahoma.

A Demented Mother's Triple Crime.

ST. LOUIS, June 12.—Mrs. Herman Becker, aged 34 years, and two children, aged 4 and 3, were found by her little demented boy in a back cellar with bullet holes in their heads. It is claimed that Mrs. Becker was not of sound mind, and there has been trouble in the family recently. She left a letter saying that she and the children were sick and must die. They were Germans.

The Chinese War Indemnity.

BERLIN, June 12.—The Chinese loan which Russia has guaranteed forms a part of the actual war indemnity. Japan has agreed that if \$15,000,000 are paid forthwith the remainder may be paid within six years. It is therefore likely that the whole of the indemnity will be advanced by French and Russian bankers.

Wages Again Advanced.

BETHLEHEM, Pa., June 12.—Notices were posted yesterday announcing an increase of from 5 to 10 per cent. in the wages of the 2,000 employees of the Bethlehem Iron company, who suffered a reduction of that amount in January, 1894. The furnace men were raised on the first of the month.

SPECIAL NOTICE.

ALL WHO VISIT THESE EMINENT PHYSICIANS DURING THE ABOVE DATES WILL RECEIVE CONSULTATION, EXAMINATION, ADVICE AND SERVICES ABSOLUTELY FREE UNTIL CURED.

Young or middle-aged men suffering from Specific or Special Nervous Diseases and IMMEDIATE RELIEF and PERMANENT CURE under the RATIONAL system discovered, formulated and employed by these doctors.

These doctors have been most aptly termed:

THE WORLD'S GREATEST EXPERTS.

They point out, locate and describe every ache, pain and disagreeable feeling more fully, clearly and explicitly than has ever been done by any physicians on earth, and better than the patients can describe themselves; they understand and explain disease at a glance and diagnose its incipient, progress and terminal stage.

Not only will callers be surprised at their wonderful knowledge of disease, their plain concise explanation of every cause and effect, but at the marvelous rapidity with which their new, common sense RATIONAL treatment goes to the very seat of the trouble giving almost instant relief, and in all cases that have not progressed too far.

A Perfect, Absolute and Permanent Cure.

These doctors wish to distinctly understand that they will not take incurable cases—reserving the right to reject any case that in their judgment has passed into the incurable stage. Last visit 4:00 p.m. to 6:00 p.m. At some prior stage these cases were probably all curable. SEE TO IT THAT YOU DO NOT DELAY TOO LONG.

PENNSYLVANIA'S FOREST FIRES.

It Is Believed That Incendiarists Are Aiding the Work of Destruction.

BRADFORD, Pa., June 12.—The forest fires that have been burning in this vicinity since last Saturday are about under control unless a brisk wind should set in. Mr. T. N. Barnsdall lost an oil rig at Coon Run, but it is believed to be the work of some miscreant, as there was no fire within two miles of the well. Several fires have been started in this locality by unknown parties of late. The miscreants will be summarily dealt with if they are caught.

A bad forest fire is raging near Big Sandy, five miles south of here, and a large gang of men left here to prevent the flames from spreading to the South Pennsylvania Oil Company's property. A stubborn fire is raging near Ormsby, in close proximity to the oil fields, and men are being sent from all directions to fight the flames. There has been considerable loss but it is impossible to state how much.

OSWAGO, Pa., June 12.—Forest fires have done a great deal of damage five miles east of here. A large quantity of bark timber and sawed lumber has been destroyed. The flames are still raging and the loss will be heavy. A large force of men have been fighting the fires for a week, and are almost exhausted.

SHARON CENTRE, Pa., June 12.—The forest fires east of this place are playing havoc with valuable timber and bark. Men are out fighting the flames, but with little success.

WATSON FARM, Pa., June 12.—A big fire is raging in the woods of Forest county. At Crebbedale the woods are one solid mass of flames. Unless rain falls soon the whole country will be endangered.

Brutal Monks in France.

AIX-LES-BAINS, France, June 12.—A monk named Heinrich has been arrested as the chief offender in the asylum scandal at Marienberg. The case was brought to public notice by a suit for libel brought against a journalist who published an expose. The trial developed the fact that the monks are mostly illiterate men, totally unfit to be attendants at an asylum, and that they had resorted to the old methods of controlling their patients by torture, confining them in chains, beating them, and even exposing some of the inmates in a semi-nude state to the intense heat of fires. All the monks will be prosecuted.

Ex-Minister Snowden Assaulted.

PHILADELPHIA, June 12.—Colonel A. Loudon Snowden, ex-minister of the United States to Greece, ex-superintendent of the United States mint, and a member of the United League club, was assaulted while walking on Market street by Colonel William Runkle, of this city, who was an officer of the Third Pennsylvania artillery during the war. Runkle alleges that Colonel Snowden was instrumental in having him discharged from the mint about twenty years ago because he refused to write a speech for Snowden, and he has had a grievance against him ever since. Runkle was admitted to bail.

American Negro Colony in Brazil.

ST. LOUIS, June 12.—Matthew Lancaster, an intelligent and well educated negro, has been quietly corresponding for some months with persons controlling large tracts of land in Brazil, and has announced his purpose of colonizing American negroes upon these lands. Mr. Lancaster leaves for Brazil next Monday, armed with strong testimonials and financial backing. The project is favorably received by the negroes here.

Cheering Crop Prospects.

ST. LOUIS, June 12.—Reports indicate that the wheat harvest has about commenced in southeast Missouri and southern Illinois, and is in full blast all over this section of the country. The rain of ten days ago seems to have been wheat's salvation, and there can be no doubt that more than an average crop will be threshed. Corn and oats are also looking fine and pasturage was never better.

Taylor Will Get a Light Sentence.

ABERDEEN, S. D., June 12.—As the result of a conference between Attorney General Crawford, H. R. Horner and Charles T. McCoy it is reported an agreement in the W. W. Taylor case was arrived at. Taylor is to return and surrender himself, turn over all his property to the state and take whatever sentence the court may impose. John T. McClesney, of New York, will also turn over to the state all his South Dakota property. When this is accomplished Taylor's bondsmen are to be released from the bond. The attorneys agree that under the law Taylor's sentence will be comparatively light, about one year in the penitentiary.

Abandoned on a Burning Vessel.

ST. MALO, France, June 12.—News has been received here of the abandonment of the British steamer Why Not, bound for the Island of Jersey, and loaded with fodder. The vessel was on fire when abandoned. The crew of the Why Not deserted the passengers when the vessel caught fire, and, taking to the boats, succeeded in landing at Erquy, department of the Cotes du Nord, not far from here. Eventually the Why Not, with her passengers on board, was seen off Erquy, and she soon after ran ashore near that place. The passengers were rescued.

Violating the Child Labor Law.

SCRANTON, Pa., June 12.—The Pennsylvania Cigar-makers' Big Label League, in session in this city, passed a resolution directed to Factory Inspector Campbell, at Harrisburg, condemning the employment of child labor in the mines about this city. The resolution recites that the labor law is openly disregarded.

Oklahoma's Gold Excitement.

GUTHRIE, O. T., June 12.—More excitement prevails today over the gold strike than during the late Kickapoo rush. Messrs. Nicholas, Sather and Ogilby have just returned. They report fabulous finds, and say they are confident that they have struck one of the richest gold fields ever found.

After the Filibusters.

WASHINGTON, June 12.—Acting Secretary McAdoo, of the navy department, said that the instructions sent to the commander of the cruiser Raleigh for his guidance when on patrol duty off the Florida coast provided for a full and strict enforcement of the neutrality laws. She will make a thorough patrol of the coast line, and to make it more difficult for a filibustering party to get away the cruisers, steam launches and small boats will be manned whenever it is necessary to look into narrow inlets and passes for light draft schooners and yachts, which are the favorite means of transportation of the filibusters.

Propelled by Petroleum.

PARIS, June 12.—Forty vehicles propelled by petroleum started from here yesterday to race to Bordeaux and back. Fifty thousand francs will be given to the vehicle showing the best results. All kinds of vehicles, from bicycles to omnibuses, are included in the competition.

Beware of Ointment for Catarrh that Contains Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure to get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

Narcoti-Cure

Cures the Tobacco Habit in 4 to 10 Days or Money Refunded.

Use All the Tobacco You Want Till Your "Craving" is Gone.

NARCOTI CURE is the only remedy in the world that acts directly on the nerves and drives the nicotine from the system in from four to ten days. It leaves the patient in better health than before taking, and is warranted free from any injurious ingredients.

NARCOTI CURE is popular because it allows the patient to use all the tobacco he wants while under treatment, or until the "craving" and "hankering" are gone. It is then no sacrifice to throw away tobacco forever.

NARCOTI CURE is sold at the uniform price of \$5 a bottle, and one bottle cures.

Money refunded if a cure is not effected when taken according to directions.

THE BOARD OF SUPERVISORS.

May Use the Ballot Machine—Must Pay the Drafted Men's Claims—Deerpark Authorized to Bond—No Appropriation for the Farmers' Club.

When the Board of Supervisors reconvened at 2 p. m., yesterday, the Chairman named as the committee on statistics of roads Messrs. Tucker, Wells, Durand (of Warwick), Bradley and Neapase.

The Law Committee reported favorably on Mr. Board's resolution to permit the town of Blooming Grove to use the Meyer's ballot machine at the next general election and the resolution was adopted.

The Law Committee reported the mandamus issued by the court made it compulsory upon the town of Woodbury to levy a tax to pay the claim of the Ostrander heirs. A resolution of Mr. Patterson authorizing the town to make the levy was adopted.

The Law Committee reported that the rules might be suspended and an act authorizing the town of Deerpark to bond for a new road passed, and on Mr. Neapase's motion the rules were suspended and the act passed.

The report on the Newburgh paving matter was that the county should not be represented on the petition.

The committee reported that the Board had the right to purchase plates for use in the Walkkill Valley Farmers' souvenir, and Mr. Loughran, who had only asked for \$60 at the morning session, offered a resolution appropriating \$75.

Mr. Bradley said such an appropriation would be unconstitutional.

Mr. Brazee thought the Board had the right to make the appropriation to purchase plates, but as thought the resolution was illegal as it stood.

Mr. Adams agreed with Mr. Bradley that such an appropriation was illegal. He said there were enough candidates among the members of the Board to chip in and buy the plates and thus secure the farmers' vote. He was not a candidate himself, but would head the subscription with \$5. He named out Messrs. Roberson and Boyd as aspirants for legislative honors, but they did not respond.

Mr. Tuckerman said the appropriation was clearly illegal and there was no use of talking about it.

Mr. Loughran said they were not begging and the Board need not give the money if it didn't see fit to. The resolution was lost by a vote of 18 to 5.

The Board then adjourned and at 3 p. m. reconvened as a Board of Apportionment. The clerk reported the certificates of re-apportionment properly signed and was directed to file copies with the Secretary of State and County Clerk.

MONTGOMERY.

Children's Day—Won a Race—Strawberries and Cream—Another Driven Well—A Game of Ball—Other Notes.

Correspondence ARGUS and MERCURY.

As usual, Children's Day was observed right royally in the Methodist Church, Sunday. The other churches did not hold any services, however. The edifice was crowded to its utmost capacity, over 400 persons being packed into the church, and the crowd extending out into the street. The oratorical and musical exercises were exceedingly good. James Russell Reed, the five-year old son of James Reed, became a favorite when he rendered a song in a cute and pleasing style.

Prince Clark, the promising young black stallion of Paul Hasbrouck's, which Simon Walsh is handling, won the 230 race at New Palis, Saturday. He won the first, third and fourth heats. The second heat was a dead one with Tommy Mac, in 2:28.

The ladies of the M. E. Church will hold a strawberry and ice cream festival, Wednesday evening, 19th inst.

Mrs. E. M. Davis is visiting at the home of Mrs. G. Gillespie.

Harvey Tuttle was in town, Sunday.

A number from here attended the revival services at Pine Bush, Sunday.

The quantity of water that could be obtained from the driven well for our water works would not have been sufficient, and another well will be sunk near Sears' coal yard.

The Montgomery, Jr., B. B. C., will play a game of ball with the Bullville B. B. C., on the Driving Park, Saturday, June 15th. The boys need encouragement, and as a good game is expected a good attendance is desired.

Miss Belle Demerest, of Chester, is visiting at the home of her aunt, Mrs. E. H. Miller, on Clinton street.

Knights of Pythias at Catskill. The following competitive drill prizes will be awarded during the session of the Grand Lodge, K. of P., at Catskill in July: First, \$350; second, \$200; third, \$100; fourth, \$75. The sum of \$100 will be given the company coming the longest distance with the largest number of men, and \$100 for a competitive drill of mounted divisions.

With the blood full of humors, the heated term is all the more oppressive. Give the system a thorough cleansing with Ayer's Sarsaparilla and a dose or two of Ayer's Pills, and you will enjoy Summer as never before in your life. Just try this for once, and you'll not repeat it.

THE APPROPRIATION ELECTION.

The Several Items Which the Taxpayers are Asked to Vote Upon.

As this Republican Common Council desires only readers of Republican newspapers to be kept posted in regard to official business and has violated the spirit of the charter by designating two papers of the same political party to do the official advertising, the ARGUS will try to keep its readers posted. We will publish free every day from now until the appropriation election, on June 19, the following list of appropriations upon which the taxpayers have the right to vote:

Permanent Street Improvement	\$7,500
Town Hospital	1,200
New truck for Excelsior H. and L. Co.	1,800
Winding town clock (without striking)	500
Annual H. department parade	700
Gen. Lyon Post G. A. R.	50
Capt. Jackson Post G. A. R.	50

BOB HUNTING'S CIRCUS.

The Great Show That Will Be Here Saturday.

Bob Hunting brings with him from Great Britain, the land of such cowns as Walleet, Swan, Adams, Grimaldi and Cook, a record to make every fun-loving American proud of him.

The Manchester Guardian says: "Listen to Bob Hunting at Sanger's Circus Royal, and begone dull care."

The Cork Advertiser says: "At the Circus we saw and heard an Irish-American Clown Bob Hunting. He makes one's sides ach, but his wit is a tonic."

The Dundee Star says: "At the Royal Amphitheatre, nothing so enjoyable as Bob Hunting's Burns-like witticisms."

A False Diagnosis.

La Grippe is confounded by many persons with a severe attack of catarrh, which in some respects resembles the former. These individuals suffer severely with pain about the head, eyes and ears, with soreness in throat and stoppage of the nasal passages, and in fact, are incapacitated for work of any kind for days at a time. These are catarrhal sufferers. Ely's Cream Balm has been used with the best results in such cases. The remedy will give instant relief.

THE GREAT SHOW.

Sells Brothers' Colossal Circus and Menagerie in this City, June 27th.

The Sells Brothers, whose million-dollar unit of big shows is to exhibit at Middletown, Thursday, June 27th, having held out to their business with a most commendable tenacity for twenty-four years, are entitled to do some bragging over the results obtained and, in fact, the claims they set forth are amply sustained by recorded facts. It is a big and creditable thing to have commenced in a most hazardous and exacting calling without either experience or capital, and through the force of sheer pluck and brains to reach its conceded leadership, and this by strictly honorable methods. The Sells Brothers are entitled to universal respect as representatives of the best type of genuine American manhood, and their great exhibition to the popularity and success such ownership ought to confer. They have never compounded with fraud by claiming that "people like to be humbugged," for they are not rascally humbugs. This year they have reduced the price of admission from fifty to twenty-five cents, which includes a comfortable seat, giving their patrons more than their money's worth, and always recognizing that one man's money was as good as another's by giving the same complete show in every place of exhibition, instead of stuffing the metropolis and starving the farmer, under the pretense of serving him the same feast. They have treated the public fairly, and by so doing have gained the full backing of popular confidence in their promises. Those made this year suggest the biggest feast of animate wonders and amazing acts ever spread before an eager throng, and of the thousands who will patronize them here it is safe to assume that not one will go away disappointed or dissatisfied. It is absolutely the only great show coming to this city this season. Don't miss seeing the unequalled free street parade at 10 a. m. on exhibition day, then decide whether or not you want to see the performance. Special excursion rates on all lines of travel.

KNOWLEDGE

Brings comfort and improvement and ends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver, and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50 cent bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

WEDNESDAY, JUNE 12, 1895.

If the division of Orange county into Assembly districts, made, yesterday, by the Republican majority in the Board of Supervisors, does not prove a veritable boomerang to the perpetrators of the iniquity, it will be because the people of Orange county have not enough intelligence and manhood to resent and rebuke partisan greed, so reckless and so cynical that it was indifferent to the public convenience, and ignored natural geographical divisions and identity of interests in a mad desire to grab and hold every political advantage that seemed to be in sight.

The old division of the county into Assembly districts had stood without change for fifty years. During that time the county had been reapportioned several times, sometimes by Democratic and again by Republican Boards of Supervisors, but they were not so blindly partisan as this year's Board and consulted public convenience and the wishes of the people of the county, and let well enough alone and made no change in the districts. It is pretended by some Republicans that the Supervisors had to make new districts. This is a boomerang. The constitution required a reapportionment, but the Supervisors had the power to reaffirm the old division, which had been entirely satisfactory, and which nine-tenths of the voters of the county wished to have continued.

The old second district was compact and symmetrical, such a district as would naturally be made by fair minded men anxious to perform a public duty, honestly and decently, and with due regard for the rights of all. The new second district, which loops around Monroe to take in darkest Woodbury, is like nothing on the earth, in the heavens above or the waters under the earth. If it can be compared to anything it is to a boot with a very long foot and a turned up toe—a geographical as well as a political monstrosity.

Republican leaders make no concealment of the fact that the apportionment was made for political purposes—to deprive the Democrats of the county of any chance of representation in the Legislature by making the Second District, like the First, reliably Republican. Certain Republican Supervisors from this district, with unappeased longings for legislative honors, clamored loudly for the change, and are credited with having devised the gerrymander. We have, however, faith enough in the people to believe that the statesmen who returned from Goshen, yesterday, hugging themselves with satisfaction at the consummation of this political iniquity, are further from the Assembly now than one of them was in 1892.

THE KINDERGARTEN.

Closing Exercises of Mrs. Stewart's School.

The closing exercises of Mrs. Stewart's kindergarten took place, this morning, and were attended by the parents and many of the friends of the twenty bright little pupils.

In addition to songs and recitations by the school, "The Counting Lesson" was sung by Helen Millspeugh, Robert Madden, Stephen Gibbs, Charlie Bartle, Stanley Douglas and Edwin Skidmore; Bessie Ferris sang a solo very sweetly; "The Lambs and the Birds" was recited by Bessie Ferris, Frances Clemson, Willie Clemson, Dannie Schmitt and Horton Gierling; "The Daisy" was sung by Florence Harding and Olin Burt Fellows; and "Tidy Pole and Polly Wog" by Richard Clemson, Lawrence Conkling, Dannie Schmitt and Harold Smith.

The little folks acquitted themselves in a manner creditable to themselves and their teacher.

The children contributed \$10.00 to the Fresh Air Fund, the amount being turned over to Rev. Dr. Robinson.

The next term of the Kindergarten will open in September. During the vacation Mrs. Stewart will reside at No. 12 Prospect street.

Hood's Pills cure all liver ills. Wm. Nevins, of the Anous office, was cured of rupture by Drs. Jones & Potter and discarded his truss last July. Others can enjoy the same privilege. Russell House, Thursday.

Tired, Weak, Nervous

Hood's Sarsaparilla Restores Strength and Bodily Vigor.

The cause of that tired, weak, nervous condition in which so many people find themselves, is the failure of the blood to properly nourish the nerves and tissues. Feed the nerves upon pure blood, and they will be steady and strong. Read this:

"It is with pleasure that I recommend Hood's Sarsaparilla as an excellent nerve tonic and blood purifier. I have taken it more than once and am taking it now. I was tired, my body ached, and I felt very badly all over. I was afraid I would be sick. I thought I would take Hood's Sarsaparilla, and

It Has Cured Me, and I find that it is cheaper than the doctor's bills. Hood's Pills are the best I have ever taken and I use no other. I am glad to have an opportunity to recommend Hood's Sarsaparilla." Mrs. C. H. VENABLE, Keithsburg, Ill.

Hood's Sarsaparilla is sold by all druggists for \$1. Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills cure all liver ills, biliousness, headache, etc.

PARTIES AND TAXES.

From the Albany Argus.

During the past ten years, thanks largely to Republican gerrymanders and the persistent denial to the people of the State of equitable legislative representation, this State has had seven Republican and only three Democratic legislatures.

The tax rate for each of the seven Republican legislatures was as follows:

1886 Republican Legislature.....	2.95
1887 " " " " " " " " " "	2.70
1888 " " " " " " " " " "	2.62
1889 " " " " " " " " " "	3.52
1890 " " " " " " " " " "	2.34
1891 " " " " " " " " " "	2.18
1892 " " " " " " " " " "	3.24

Average tax rate for seven Republican legislatures, 2.79

The tax rate for each of the three Democratic legislatures was as follows:

1891 Democratic Legislature.....	1.37
1892 " " " " " " " " " "	1.98
1893 " " " " " " " " " "	2.58

Average tax rate for three Democratic legislatures, 1.97.

The seven Republican years were indeed years of plenty—of plenty of taxes.

The difference in the average tax rate under Republican legislatures and under Democratic legislatures for ten years past, has been 82-100 mill in favor of the Democrats.

What have the people to show for that extra dollar on every thousand of valuation paid for the boon of Republican "reform" legislatures, culminating in the monstrosity of 1895?

THE HYGIENE OF THE MOUTH.

In a recent lecture before the Wistar Biological Association, entitled "The Bacterio-Pathology of the mouth, and its significance in its relation to general diseases," Prof. W. D. Miller, of Berlin, stated that thirty two distinct species of germs has been found in the mouth and that these germs give rise to various diseases.

"Want of space" prevents us from giving Prof. Miller's lecture in full, but the practical deduction is that increased care should be devoted to keeping the mouth perfectly healthy. This will be one of the features of "preventive medicine" the dawn of which is evidently approaching. The logical course for those who attach importance to such things is to use our Ivory Tooth Wash frequently and liberally. It is antiseptic, purifying and cleansing in its effect, very pleasant to use and leaves a clean taste in the mouth, whitens the teeth and sweetens the breath. We make it and we vouch for it as an article of merit. 25 cents a bottle.

WRECKED BY A TROLLEY CAR.

A Frightened Horse Causes a Collision on East Main Street.

While the band was being taken to Midway Park, last night, on one of the big double truck cars, a horse belonging to Wood & Baldwin, and driven by a man named Gorman, took fright as the car approached it, opposite the Gardner place on East Main street.

Motorman Lancaster tried to stop the car, and had almost brought it to a standstill, when the horse shied toward the track and the car struck one of the front wheels of the wagon, wrecking it badly.

OBITUARY.

Charles A. Kernochan.

Mr. Charles A. Kernochan, died, last night, at the residence of his brother-in-law, Mr. F. D. Youngblood on East avenue, of lung trouble, aged forty-three years. He has been in ill health since last October, when he came here from New York and has since resided with his sister, Mrs. Youngblood. He has been confined to his bed for several weeks and his death has been expected at any time. He was a son of the late Joseph Kernochan and Catherine Hill, and was born on the Kernochan homestead, near Circleville.

He attended school at Monticello until he was fourteen years old, when he left home to make his own way in the world. He secured employment in the dry goods house of Schoonmaker & Welser, in Newburgh, where he remained seven years. He then went west and engaged in business on his own account in Chicago. Ten years later he removed to New York, where he resided until forced to give up business on account of ill health, when he came to this city.

Mr. Kernochan was married Feb. 28, 1877, to Mary Alice, daughter of Theo. B. Crans, of New York city. She died Dec. 2, 1879.

He is survived by one sister, Maggie, wife of F. D. Youngblood, of this city, and two brothers, Frank D. Kernochan, the well known jeweler, of this city, and George E. Kernochan, of New York city.

Mr. Kernochan was held in very high esteem by all who knew him. He was possessed of a kind heart and a genial disposition that made friends of all with whom he came in contact.

THE INQUEST IN THE CLARK CASE.

A Verdict of Accidental Drowning—Commendation For Robert Bryant.

The inquest in the case of George B. Clark, was held at the Assembly Rooms, yesterday afternoon. There were but two witnesses, Robert E. Skelton and Robert T. Bryant, the two boys who were with Clark when he was drowned.

Skelton's story on the stand differed very materially from his statements to reporters and others, Monday evening, although he still claimed that he went into the water to render assistance.

Bryant, however, told a very straight story. He said he called to Skelton to help him rescue Clark but Skelton merely stood on the bank and yelled for help. When Clark went down for the last time and Bryant started for the shore he told Skelton he was afraid he could not hold out and asked him to come and help him. Instead of doing so, Skelton, who had not taken off his trousers, started for the park and left him to get out as best as he could.

The jury threw out Skelton's story as unworthy of belief and rendered a verdict of accidental drowning. The jury commended young Bryant for his heroic efforts to save his companion.

Skelton's efforts to get glory for himself out of this sad affair, in which he played the part of a coward, failed miserably.

Funeral of George B. Clark.

The funeral of George B. Clark took place at the residence of his mother, at 3 o'clock this afternoon. Only relatives and a few intimate friends were present. As Mrs. Clark requested that the funeral be private.

MAY GO TO CAMP.

The 24th to Decide at a Meeting To-night.

Capt. McIntyre, of the 24th Separate Company, received, last evening, a dispatch from headquarters at Albany, asking whether the 24th would go to State Camp during the week of July 13th to 20th. A special meeting of the company will be held at the armory, this evening, to decide the question. The 12th Regiment of New York, has been assigned to camp duty for that week.

State Hospital Managers in Warwick.

The Board of Managers of the Middletown State Homeopathic Hospital are holding their quarterly meeting at the residence of the president, Hon. Grinnell Burr, at Warwick, to-day. Supt. Dr. S. H. A PREMONITION OF EVIL.

George Clark's Grandmother's "Strange Forewarning of a Death in the Family."

Mrs. Clark, the grandmother of George B. Clark, the boy who was drowned in the Walkkill, on Monday afternoon, was in Hillside Cemetery with a number of friends, on Sunday. While near the family plot, she made the following remark:

"I feel that something terrible is going to happen and that some one will be buried in this plot this week."

No attention was paid to this remark by those who heard it until the accident, on Monday, and then it was recalled as a most remarkable instance of a premonition of impending trouble.

Dragged from in Front of an Engine.

This morning as Mrs. Theo. Bull was crossing the Erie tracks to the James street depot, she fell upon the track in her efforts to get out of the way of the switch engine which was coming towards her and would have struck her but for Mr. J. A. Hoar, who, seeing her perilous position, dragged her from the track when the locomotive was within four feet of her.

Apparently the public have no rights on this crossing that the switch engine is bound to respect.

The Lawn Party at Dr. Douglas's.

The lawn party at Dr. Douglas's, yesterday afternoon and evening, for the benefit of the First Congregational Church was a very pleasant and successful affair, and a handsome sum was realized.

Breaking It Gentle.

He was digging rock in a phosphate mine on the Ten Mile hill, near Charleston, and I was assistant superintendent of the place. One day after the hands had knocked off he said to me:

"Boss, as you know how fur rite one letter?"
I assured him that my education had extended that far and asked to whom he wished to write.

"To my bredder," said he.
"And where is your brother?"
"He am en die penitentiary."
"For what?"
"He kill one man."
"Oh, he murdered some one?"
"He ain't murder no one. He slaughter 'em."

"Ah, manslaughter?"
"Dat's de way. Will you please wite one letter to 'em an ax how he do? He name 'Gus Prichard'."

"How is that, when you are his brother, and your name is Robinson?"
"Oh, dat's all right. Beca' de wah nigger been dead only one name, same like de people den de Bible, an so dey tek dere names an use der de last name."

"Very well, I'll write to inquire about Prichard."

I wrote to the superintendent of the penitentiary in Columbia and was informed that Prichard had been dead for several months. I did not like to tell the news to Robinson. So I asked George Washington to do so, and I endeavored to impress upon George the necessity of breaking the news gently.

"Oh, I know what you mean," said George. "I know. Alright, sah."

On the following day I asked George whether he had broken the news to Robinson and he replied:

"Oh, yes, sah. I tell 'em den de way wah you say I must. Fust, I say, 'Sancho, dat you got one bredder.' En he say, 'Yes, sah. I say. 'En you tell bredder an den penitentiary.' En he say, 'Yes,' again. Den I say, 'He dead.'"

"Good gracious, man! Do you call that breaking the news gently? What did Robinson say?"
"Sancho say, 'Oh den he am dead! But wuffer on till me 'bout 'em den sich a reason 'bout way.'—New York Sun.

A Good Deal of Inference.

The other day a citizen called at the stamp window of the postoffice and laid two pennies on the shelf. The clerk looked at him for ten seconds and then queried:

"Two cents?"
"No, of course not! When a man lays down 2 cents, he wants a 2 cent stamp, of course."

"Not at all."

"But that's the inference. After this when you see two pennies down here you can infer that a 2 cent stamp is wanted."

Next day the same man called and put down a 10 cent bill, and before he could speak the clerk showed it back to him with the remark:

"The government doesn't issue any."

"Any thing?"
"Any thing and cent stamps. Sorry I can't accommodate you."

"Who asked for a thousand cent stamp?"
"You did, whenever a man lays down a 10 bill, the inference is that he wants one of these stamps, but, as I said, they are not issued."

The man picked up his bill and walked out with a red face, but five minutes later returned and dropped a cigar on the shelf and good naturedly queried:

"And what do you infer from that?"
"Smoke," replied the clerk, and the two became friends.—Detroit Free Press.

THREE NEW YORK LANDMARKS.

Trinity, St. Paul's and Grace Church Defy the Advance of Business Interests.

Three landmarks on Broadway occupy sites so valuable that their retention confounds every calculation of real estate speculators. They are the only three churches on Broadway below Forty-second street, and each has come to be part of the popular distinction of that thoroughfare. They are Trinity, St. Paul's and Grace. All three have high claims to architectural eminence, and all three are of one denomination—the Protestant Episcopal.

The site of Trinity church, on Broadway at the head of Wall street, is appraised officially at \$1,000,000; that of St. Paul's church, at Broadway and Fulton street, at \$1,750,000, and that of Grace church, Broadway opposite Eleventh street, at \$350,000. The frontage of Trinity church, including the churchyard, is 106 feet of St. Paul's church 167 feet and of Grace church 150 feet. The gross valuation of these three churches is \$6,100,000, and as the usual rate of assessment on real estate is about 50 per cent the actual market value of these three Broadway plots is in excess of \$10,000,000. In European cities it is no strange thing for public thoroughfares to be dotted with venerable edifices erected for ecclesiastical, military or governmental purposes, but in New York, where there is no material partnership between church and state, and where, perhaps, more utilitarian views prevail than abroad, the steady enhancement of real estate values has been such that few religious corporations have been strong enough or felt themselves strong enough to withstand the temptation to sell. On the present site of Trinity's, for instance, Broadway and Fifteenth street, formerly a church school. There was a chapel opposite the site of the old New York hotel. But with the advance of business interests the congregations reluctantly moved away. These three landmarks named have stood their ground, and it seems probable that they will continue to do so.

St. Paul's church is the oldest religious edifice in this city. It was built in 1764, and it was the church which George Washington and his associates attended immediately following the inauguration ceremonies in 1789. Trinity church is the third of that name on the present site, and was erected in 1846. Grace church was erected in 1845, one year before Trinity, and the site, at the head of Broadway where it turns an angle at Tenth street, was carefully chosen. All three buildings enjoy the advantage of being kept in excellent repair and are improved from time to time by the liberal contributions of benefactors. This is especially true of Trinity and Grace church, which may almost be said to improve year by year. It is a peculiarity of these three landmarks of New York that those who attend them come, in nearly every case, from sections of the city far up town, so that they are, if such an expression may be used, the three churches to be reached by carriage. Very few persons who attend either Trinity or St. Paul's reside in their vicinity, and the number of such parishioners decreases each year. Grace church retains its high rank architecturally, notwithstanding the number of new church buildings in New York, and it has the additional distinction of being popular for fashionable weddings.—New York Sun.

Rebecca Wilkins, of Brownsville, Ind., says: "I have been in a distressed condition for three years from nervousness, weakness of the stomach, dyspepsia and indigestion until my health was gone. I had been doctoring constantly with no relief. I bought one bottle of South American Nerveine, which did me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely medicine; a few bottles of it have cured me completely. I consider it the greatest medicine in the world." DON'T STOP TOBACCO

It is Injurious To Stop Suddenly

And don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of the use of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiate, leaves a far worse habit contracted. Ask your druggist about "BACO-CURO." It is purely vegetable. You do not have to stop using tobacco with "BACO-CURO." It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An ironclad written guarantee to a "absolute" cure the tobacco habit in all its forms, or money refunded.

Dear Sirs—I have been a tobacco user for many years, and during the past two years have smoked fifteen to twenty cigars daily every day. My whole nervous system became affected, until my appetite was almost entirely gone up the use of tobacco for the time being at least. I tried the so-called "Steeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured. I am at perfect health, and the horrible craving for tobacco, which every intemperate smoker fully experiences, has completely left me. I recommend your "Baco-Curo" simply wonderful and can fully recommend it.

Yours very truly,

MUST HAVE MORE ROOM.

REPORT OF COMMITTEE ON INCREASED SCHOOL ACCOMMODATION.

All Departments of the City Schools overcrowded—Rented Rooms for Primary Children—The Old Academy Unsafe and Beyond Repair—Two New Ward Schools and a \$60,000 Academy Recommended.

To the Board of Education:

GENTLEMEN:—The undersigned, your committee appointed with reference to the question of increased school room accommodation, hereby reports as follows:

It can be correctly stated that there is some overpressure, in all departments of our schools. The chief difficulty lies, however, in the fact that in the lower primary grades, there is insufficient room for the accommodation of beginners.

The result has been, that the rooms for these grades have been overcrowded, in some instances receiving fifty-five to sixty pupils, where the seating capacity is but forty-eight. This condition still exists after provision has been made in the use of such rooms or vacant stores as the Board has been able to hire to meet, to a certain extent, the emergency. Pupils in these rented rooms are at a disadvantage; the rooms are not at all suitable for such purposes; the arrangements for ventilation and heating are not good, and the sanitary conditions wholly unsuitable. This overpressure must be done away with and this method of providing room for the small children immediately abolished, and ample room made for them.

Your committee, therefore, suggests, as the best plan of relief, with reference to these conditions, that two small buildings be erected, one to be located in the First Ward, east of the Ontario tracks, at a point between Grand avenue and Cottage street; also a building of similar character on some of the land lying in the westerly portion of the city now owned by the city. These buildings need not be expensive, and should be two or four room buildings, so constructed that they can be enlarged without destroying their architectural effect. In each of these buildings it would only be necessary at this time to complete and equip two rooms. They would accommodate primary grade children from the several wards of the city, and particularly the children residing in the locality of the buildings; and this would relieve the pressure to a certain extent upon the present ward buildings. The Board is now paying rental for such room as would be provided by these buildings, the sum of \$700, and also \$120 for Board of Education room. We find that the attendance has been increasing each year; that the number of pupils registered in the city is very much greater than the seating capacity of the schools. The number of children of school age, under twenty-one years, in this city, according to the last census is 3,381. Our seating capacity in our school buildings is 1,666. The registration in the schools the past year has been 2,069, and but for the usual proportion of absentees, we would be in considerable confusion in attempting to accommodate children of school age.

The census of the truant officer taken during January and February of this year shows from the replies of parents that there were 296 pupils of school age under 16 years not attending any school. It is necessary, at present, to provide rented annexes to accommodate 175 pupils, who could not be seated in the city schools in their district. These 175, together with the 296 shown by the census not to be attending, make a total of 471 children in our city of school age under 16 years not provided for in our city schools at present.

The next difficulty we have found is that the higher grades, which eventually find their way from the several ward buildings into the Academy, are insufficiently accommodated. For instance during the past year in the Academy department, on the first floor of the Academy building, sixteen to twenty-four pupils promoted to that department have been excluded from that room and placed in one of the grammar grade rooms on an upper floor. The effect of this is also to prevent promotion from the ward schools. This, of course, is all wrong. It is unjust to the pupils; it is unjust to the parents and it prevents us from getting that return for the expenditure that is made in maintaining these departments which we ought to receive.

We have thoroughly investigated the subject with reference to an enlargement of or addition to the present Academy building for the purpose of overcoming this difficulty. In doing this, however, we are met with a very serious condition. It was constructed for an Academy for private instruction under tuition, the principal and family residing in the building. All this, however, has been changed by reason of the great increase in the number of high school pupils. Consequently as much of the basement as could be used for that purpose has been converted into a class room for the use of instruction in science, the first and second floors and third or top floor being fully occupied to their utmost capacity.

This use of the building, by about 250 pupils, is beyond the purpose for

which it was constructed and intended, and beyond its capacity, and the result has been that the building has been overstrained on account of the increased weight. We found in the spring that the west wall was bulging and at once caused it to be stayed by bolts and anchors, which we were advised would avoid immediate danger. We have since had a thorough examination made by competent builders and architects, some of whom entertained serious doubts as to its safety, and others advising us that it is not only unsafe but that it could not well be repaired so as to bring it to a condition of absolute safety, and that any money expended on it in that direction would be wasted. The south and east walls have bulged and are considerably out of alignment. The spread of the walls has been going on for some time. The north wall toward Little avenue presents a series of cracks and crevices from foundation to roof, plainly showing the effect of the spreading and bulging of the west and east walls. This is believed by builders to be caused by the increased pressure on the floors, and the advice to us is to condemn this building as unsafe and unfit for use, and that it be entirely demolished, and we so report.

We have visited some high schools through the State to enable us, in case this report is adopted as to the removal of the present Academy building, and that a new building be erected in its place, to suggest to you more clearly the character and plan of such a building as would conform to modern methods of instruction and bring about the best and most satisfactory results. All instructors of experience with whom we have consulted commend the assembly room plan; that is, a large study room on each of two floors, seating from 250 to 300 pupils each, making 500 or 600 in the building, with a sufficient number of class rooms, about eight or nine, for each assembly room, into which the pupils may readily pass for recitation. This plan not only gives better results, but it requires the construction of a building that at once attracts and gratifies the pupil. It is a school house that a pupil delights in, and in which it is a pleasure and an inspiration to study and work.

Such a building as would meet the present demand, having in mind also the future growth of our schools, erected upon the Academy avenue lot, would probably cost \$60,000. A greater sum than that could be expended with profit and advantage and would be economical in the end. It should be constructed three stories high to give it the proper architectural proportion for a building of such dimensions; the school rooms would be on the first and second floors, and offices for the Board of Education and Superintendent on the first floor. The third floor could be used for a class room for drawing, for a science room, or such a class room as is not in frequent continued use and for a school library.

The new high school building would accommodate for some time to come the higher grammar grades now in the ward schools. By the plan suggested of increasing the accommodation for smaller children by the two ward school buildings and increasing the accommodations for the higher grammar grades as well as the Academy grades, in a new high school building the pressure would be relieved at both ends, the congested condition in all schools would no longer exist, rented stores would not have to be used and room would be provided for a number of years for carrying on the work of the instruction of our children in a suitable and satisfactory manner.

The amendment to our city charter authorizing the raising of funds for this purpose through what is known as "school building bonds," enables this city by vote of the people to enter upon the work and do it well and completely without laying upon the city the burden of high taxation in any one year, and defers any payment whatever for a number of years if such terms are preferable.

If it is concluded to adopt the plan proposed one or both of the ward buildings can be constructed or completed for use, prior to December or January next. With these buildings and such rooms as can be hired we could obtain sufficient accommodation for the pupils now in the Academy building, in case it should be determined to demolish that building and erect a new one in its place so that the school work could go on while the construction of the new building is in progress. All of which is respectfully submitted.
